

# PROBLEM: Physical eSIM QR Code Distribution

**Printed & Shipped:** Physical eSIM QR codes on plastic cards.

**Annual Costs:** Exceeded \$250,000 CAD for printing & distribution.

**Discarded:** Cards often thrown away after photo taken.

**Inefficient Process:** Costly, slow, and environmentally harmful.

# SOLUTION: Digital & Auditable eSIM Dispenser

**End-to-End Digital Dispenser:**  
Accessible remotely by reps.

**Secure QR Code Generation:**  
On-demand sharing.

**Auditability & Compliance:**  
Built-in process controls.

**Rep Workflow Alignment:**  
Pilot testing and feedback.
